TRYING TO DEFEAT YOUTHFUL CANDIDATE

It is now by no means certain that Mr. C. I. Collier, the youthful Elizabeth City candidate for the House of Delegates City candidate for the House of Delegates for the floater district of Elizabeth City and Accome will be declared the nominee as was at first regarded as assured. It seems that certain more or less prominent Democrats of Elizabeth City are not pleased with the plan to have Mr. Collier declared the nominee. It is said that these gentlemen have been to Accomac, which is embraced in the district, in the effort to get the Democrats of that county to refuse to endorse the Elizabeth City candidate. The announcement of some other candidate for the nomination is expected within a few days, and he will probably be an Accomac man. The opponents of Mr. Collier claim that such a man would poll a large vote in Elizabeth City county also in a primary and could carry the district.

One of the objections urged against Mr. Collier besides his youth and inex-

Seven or sight of the former employes of the Virginia Passenger and Power Company who went out in the recent strike were yesteday reinstated, taking the places of as many men who quit or were dispensed with by the company. In the place of the lost many men who quit or were dispensed with by the company. In the place of the lost men are finding their way back to their old positions, and the company is getting the pick of the old men who have demonstrated their popularity.

Some of the conductors themselves do not seem to understand the transfer system now in operation. A case is reported where a pussenger bourded a Chimborazo car beyond Twenty-fifti Street and asked for a transfer to West Broad at Eighteenth. It was given him, and he boarded a Traction, straight Broad Street cur. The conductor declared the blue transfer was not good, but stated that the fault was that of the conductor on the transferring car and not of the passenger. If the company has refused to transfer from the Chimborazo car to the straight Broad Street car it is a recent innovation, and one that inconveniences people desiring to reach the City Hall or the Capitol.

The tracks of the company are being

The tracks of the company are being renewed in many places and repairs made generally to the lines. A considerable force, more than a hundred man, are omployed in these repair and renewal works in various parts of the city.
